

PRAYING FOR THE VOICES

A MODEL FOR
STRATEGIC PRAYER

The RYFO Network is working to eliminate the cultural divide between the Church and the music scene. We envision a sweeping Gospel movement of hope that transforms musicians' lives and spills over to influence the lives of the fans that follow them.

A focused, consistent and multiplying prayer initiative is essential to accomplishing this mission and vision. The following strategic prayer model utilizes a funnel approach from The Global Movement to Individual Artists.

Thank you for partnering with us in Praying For The Voices!

THE GLOBAL MOVEMENT

LISTEN: "What are the barriers to the Gospel spreading in the music scene?"

// Ask God for spiritual insight

RESPOND

// Pray for a sweeping movement of Gospel transformation that influences the lives of musicians around the world and spills over to influence the lives of the fans that follow them

YOUR CITY OR REGION

LISTEN: "What is your heart?"

// Ask God about His desire and plan for bridging the divide between the Church and music scene in the area where you live

RESPOND

// Pray for the recruiting and on-boarding of new host families

// Pray for the launching of local teams of Artist Chaplains

THE VAN BUREN

STRATEGIC LOCATIONS

LISTEN: "Where are you moving?"

// Ask God to highlight the places He is at work in your city or region. Specifically seek to discern the locations that possess the potential to bridge the divide between the Church and the music scene.

RESPOND

// Pray for spiritual breakthrough in the places God highlights

INDIVIDUAL ARTISTS

LISTEN: "Who are you pursuing?"

// Ask God to identify specific musicians to pray for

RESPOND

// Pray for an awakening of their faith, for the Biblical shaping of their identity and that they would discover redemptive purposes for their art
